**WE ARE PEOPLE HELPING PEOPLE
SINCE 1974**

WE SERVE our community in many ways. The primary emphasis of LIONS clubs is sight and hearing conservation. We raise funds to support efforts in early detection and treatment of sight and hearing disorders. We are also leaders in the fight against TYPE 1 DIABETES (formerly referred to as JUVENILE DIABETES), one of the major causes of blindness.

Locally our club supports college scholarships for area high school students, eye examinations and glasses for those who cannot afford them, ACTS, and many other community needs which are brought to our attention.
